BERTRAM

CORPORATE NOTEBOOKS

PROMOTE YOUR BRAND WITH OUR NEW RANGE OF PERSONALISED NOTEBOOKS

Allan & Bertram is delighted to introduce our new range of corporate notebooks. Notebooks are a perfect way to promote your brand, with diverse uses for customers, corporate presentations, gifts and staff.

Our Everyday range comes in a choice of vibrant colours with soft PU covers and complementary ribbon and elastic. Or, choose a striking matt black cover with contrasting colours for the ribbon and elastic. Feature your brand with options including screen printing, foil, debossing or full colour digital printing.

Our unique Signature range uses our LaserChrome personalisation on the covers – laser cut foil, hand glued into a debossed impression, to give the ultimate luxury finish. Choose from a selection of beautiful cover materials including textured PUs, leather effect, frost and carbon.

Both ranges are available with complementary pens and luxury presentation boxes to complete the gift package.

We also offer a bespoke service and can design a unique notebook just for you with different sizes, text pages, leather covers, stitching, printed end papers... the possibilities are endless.

Whatever your requirements, we can create a notebook to suit your budget so please call or email us for more information.
