A festive holiday scene featuring a light blue console table with a wooden top. The table is decorated with a lush green garland, warm white string lights, and a gold wire tree-shaped candle holder. Below the table, a string of star-shaped lights hangs across the front. On the table's surface, there is a tray with a decanter and glasses, a small lantern, and a stack of books. To the right, a tall candle holder with a lit candle stands. In the foreground, a wicker basket with bottles and several wrapped gifts are visible. The background is a light-colored wall with vertical paneling.
